 LINCOLN D. CHAFEE, et al. :

MEMORANDUM AND ORDER

Pending before the Court for determination (28 U.S.C. § 636(b)(1)(A)) are two Joint Motions to Extend Fact Discovery Deadline. (Document Nos. 276 and 281). The current deadline passed on February 15, 2013. The parties agree that discovery has not yet been completed and that additional time is necessary. Accordingly, these Joint Motions are GRANTED in part, and the fact discovery deadline is extended until March 31, 2013. Further, the parties have requested a conference pursuant to Fed. R. Civ. P. 16 to set a firm deadline for the close of fact discovery, and the subsequent expert discovery and disclosure deadlines. The parties do not seek an extension of the dispositive motion deadline. In light of the request for a conference, the parties are ordered to confer and submit by March 15, 2013 either a joint proposed scheduling order to complete fact and expert discovery, or, if no agreement is reached on a joint proposal, a proposed scheduling order from each side. After reviewing such submission(s), the Court will take further action as appropriate.
