

UNITED STATES DISTRICT COURT
District of Rhode Island

NOTICE REGARDING REVISED JURY SELECTION PLAN

The United States District Court for the District of Rhode Island adopted its revised Jury Selection Plan (“Jury Plan”) on May 9, 2019, and the First Circuit Judicial Council approved the revised plan on July 10, 2019. The full Jury Plan can be found on the [Court’s website](#), but here are the highlights of the revised plan:

- Merged Source List: The District of Rhode Island will now use a merged source list of voter registration records and DMV records for the master jury wheel.
- Public Access: The public may access juror names and addresses post-trial (unless the Court rules that the names remain confidential in the interests of justice).
- Attorney Access to Questionnaires: The plan allows attorneys to request juror questionnaires from the jury office 7 days before trial.
